SESSION THEMES:

Dec. 21 - 23 | Cabin Exploration

We'll visit the Moon cabin and get warm by the wood stove as we take a glimpse into the life of late 1800's settlers. We'll make our own corn husk dolls and spend time playing and exploring outside.

Dec. 28 - 30 | Wilderness Survival

Campers will learn how the animals and plants are withstanding the cold Michigan weather as we prepare to set out on our own (hopefully) snowy adventures!
