

Winter Break Camp

January 2nd - 5th

Get up and get outside!

Come and join Woldumar's staff on one or all of our fun filled Winter Break Camp days. Campers will experiment outside everyday so that there are no "cabin fever" complaints.

January 2nd: Wilderness Survival

Bundle up and spend the day outside learning how to survive without technology. Campers will practice building forts, tracking animals, and learn how to start a campfire for warmth.

January 3rd: Amazing Adaptations

Animals come in many shapes and sizes! Explore how different animals are suited to survive our Michigan winters. What characteristics will you choose as you design your own super creature?

January 4th: Snow Science

Step out into the world as we experience the science behind snow shoeing, skiing, sledding, igloos, and ice! Even if there is no snow on the ground our frozen experiments will give campers a reason to warm up with some hot chocolate!

January 5th: Living History

We're firing-up the wood burning stove and stepping back in time to learn about Michigan's early settlers. With games and activities from the 1800s we'll explore how the Moon family kept busy during the cold winter months.

PAYMENT INFORMATION

Sign-up for one day of frosty fun or register for all four and receive a discount!
