

Legacy Giving Opportunities

WHAT IS PLANNED GIVING?

Inspire **natural curiosity** for the future.

Planned giving is a simple way to ensure that your legacy continues for future generations at Woldumar. By including Woldumar in your estate plans, you can help sustain our mission: *to educate people about the natural environment.*

There are several ways to include Woldumar as part of your estate plans including: **Will or Living Trust**, and **Retirement Plan & IRA Beneficiary Designation**. When you're ready to learn more, please contact us to explore how your gift can inspire natural curiosity in your community.

HOW YOUR GIFT GOES TO WORK

Educate

Woldumar's many environmental education programs engage thousands of Greater Lansing area families every year. Your generosity helps ensure that Woldumar remains a valuable asset to the community for years to come.

Inspire

Curiosity begins with a spark - ignited by experience. When you make a planned gift to Woldumar, you are helping us provide high-quality nature experiences for kids every day.

LEGACY GIVING OPPORTUNITIES

Our History

In 1963, Mrs. Gladys Marguerite Olds Anderson donated half of her dairy farm to the Woldumar Nature Association for use as an environmental education facility. The equipment barn became classroom space and administrative offices, and the dairy barn was restored in the early 2000s for added program space and event rentals.

Our Mission

For more than 60 years, Woldumar's mission has been "to educate people about the natural environment."

A Gift for the Future

Just as Gladys Marguerite Olds Anderson's gift was the catalyst for what is now the Woldumar Nature Center, the generosity of a single individual can have immeasurable impact on future generations. A charitable gift to Woldumar helps ensure that we are able to continue the legacy that has been built over generations.
